

June 15, 2021

Dear Customer,

Raw material and logistics costs have continued to escalate at rapid rates. We are therefore announcing a new price increase for thermal paper effective with all orders shipping August 1, 2021. A price increase of 10% will be applied to all grades and weights of Koehler thermal paper to help offset the significant changes to our costs. I will be in contact with you in the coming days to review. We appreciate your continued support for Koehler paper products.

Sincerely,

Steve Graves
General Manager
