Cash Acceptor Cleaning Card

featuring Waffletechnology®

Designed to safely remove all dirt, oil and magnetic oxides that collect in bill acceptors. Unlike traditional flat cards, the Cash Acceptor Cleaning Card features KIC's patented Waffletechnology®, allowing the card to effectively reach and clean recessed mechanisms and sensors. In addition, the card is saturated with MiracleMagic™, an alcohol-free cleaning solution designed to safely clean, lubricate and protect magnetic heads, belts and sensors.

FEATURES

- Individually packaged (6.375" x 2.5") cleaning card
- Designed to specifically clean bill validator components
- Alcohol-free solution is safe on components

THE KIC DIFFERENCE

WAFFLETECHNOLOGY®

Our patented Waffletechnology® uses raised and lowered waffles which compress and expand to clean recessed areas and around irregular surfaces where flat cards don't reach.

MiracleMagic™

We specially designed our proprietary MiracleMagic™ cleaning agent for safely removing built-up and caked-on contaminants from your device.

APPLICATIONS

- Vending Machines
- Pay at the Pump
- Self Service Kiosks
- Change Machines
- Smart Safes
- Slot Machines
